Dear Mr. President:

This Palm Sunday marked a one year anniversary of the time when you signed the Education Bill before the one room schoolhouse which adjoins your ranch.

It is also the anniversary of the announcement of your appointment of Mr. Richard Helms and myself to our current positions. May I express for both of us our appreciation for your confidence in us, and let me reassure you of our determination to serve you and our country to the best of our abilities.

Respectfully yours,

((signed)) W. F. Raborn
